Beamery Inc. in 2021)

- Strong, double-digit growth in revenues despite challenging market situation and ongoing war in Ukraine
- Beginning of consolidation of results of softgarden a leading HR
   Tech player in Germany (28% share in 3Q 2022 revenue)
- Good operating results of the Poland segment, including 15% increase y/y in the number of recruitment projects on Pracuj.pl platform (stabilization y/y in 3Q)
- Adjusted EBITDA margin over 50%, despite negative impact of softgarden consolidation
- 9% growth y/y of the net profit of the group (excluding the impact of revaluation of Beamery Inc. in 2021)

### Increase in key operating results in Poland

<sup>(1)</sup> The number of recruitment projects is equal to the number of credits used for placement of job offers on Pracuj.pl, one credit may be exchanged for multiple job offers (with the same title but different locations), while in the case of Robota.ua one credit can be exchanged for only one job offer for a period of one month. (2) For Pracuj.pl defined as revenue from recruitment projects. (3) For Robota.ua defined as revenue from contracts with customers in the Ukraine segment divided by the number of paid recruitment projects.

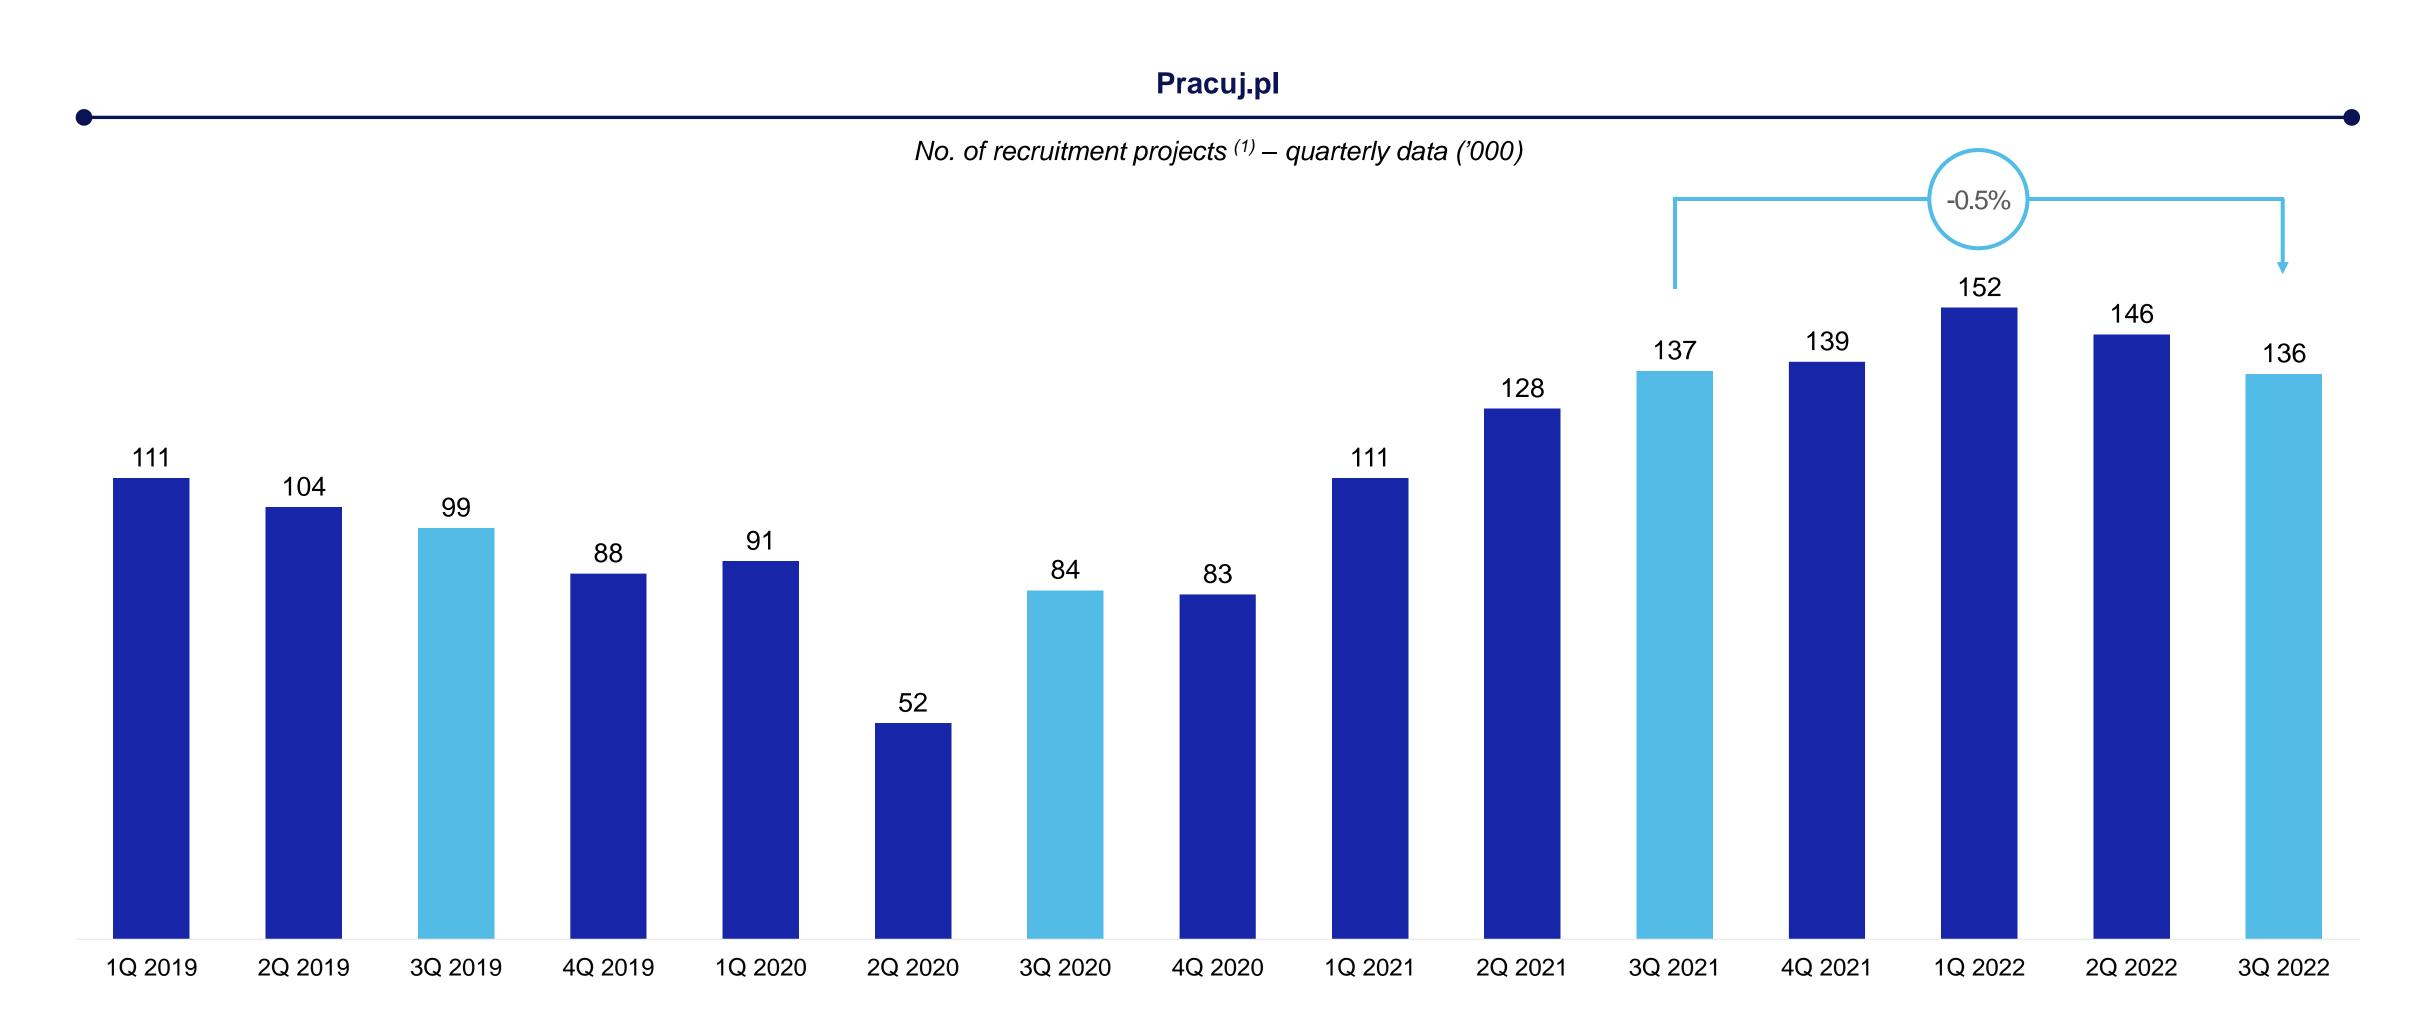

# Stabilization in the number of recruitment projects on Pracuj.pl

(1) The number of recruitment projects is equal to the number of credits used for placement of job offers on Pracuj.pl. One credit may be exchanged for multiple job offers (with the same title but different locations).

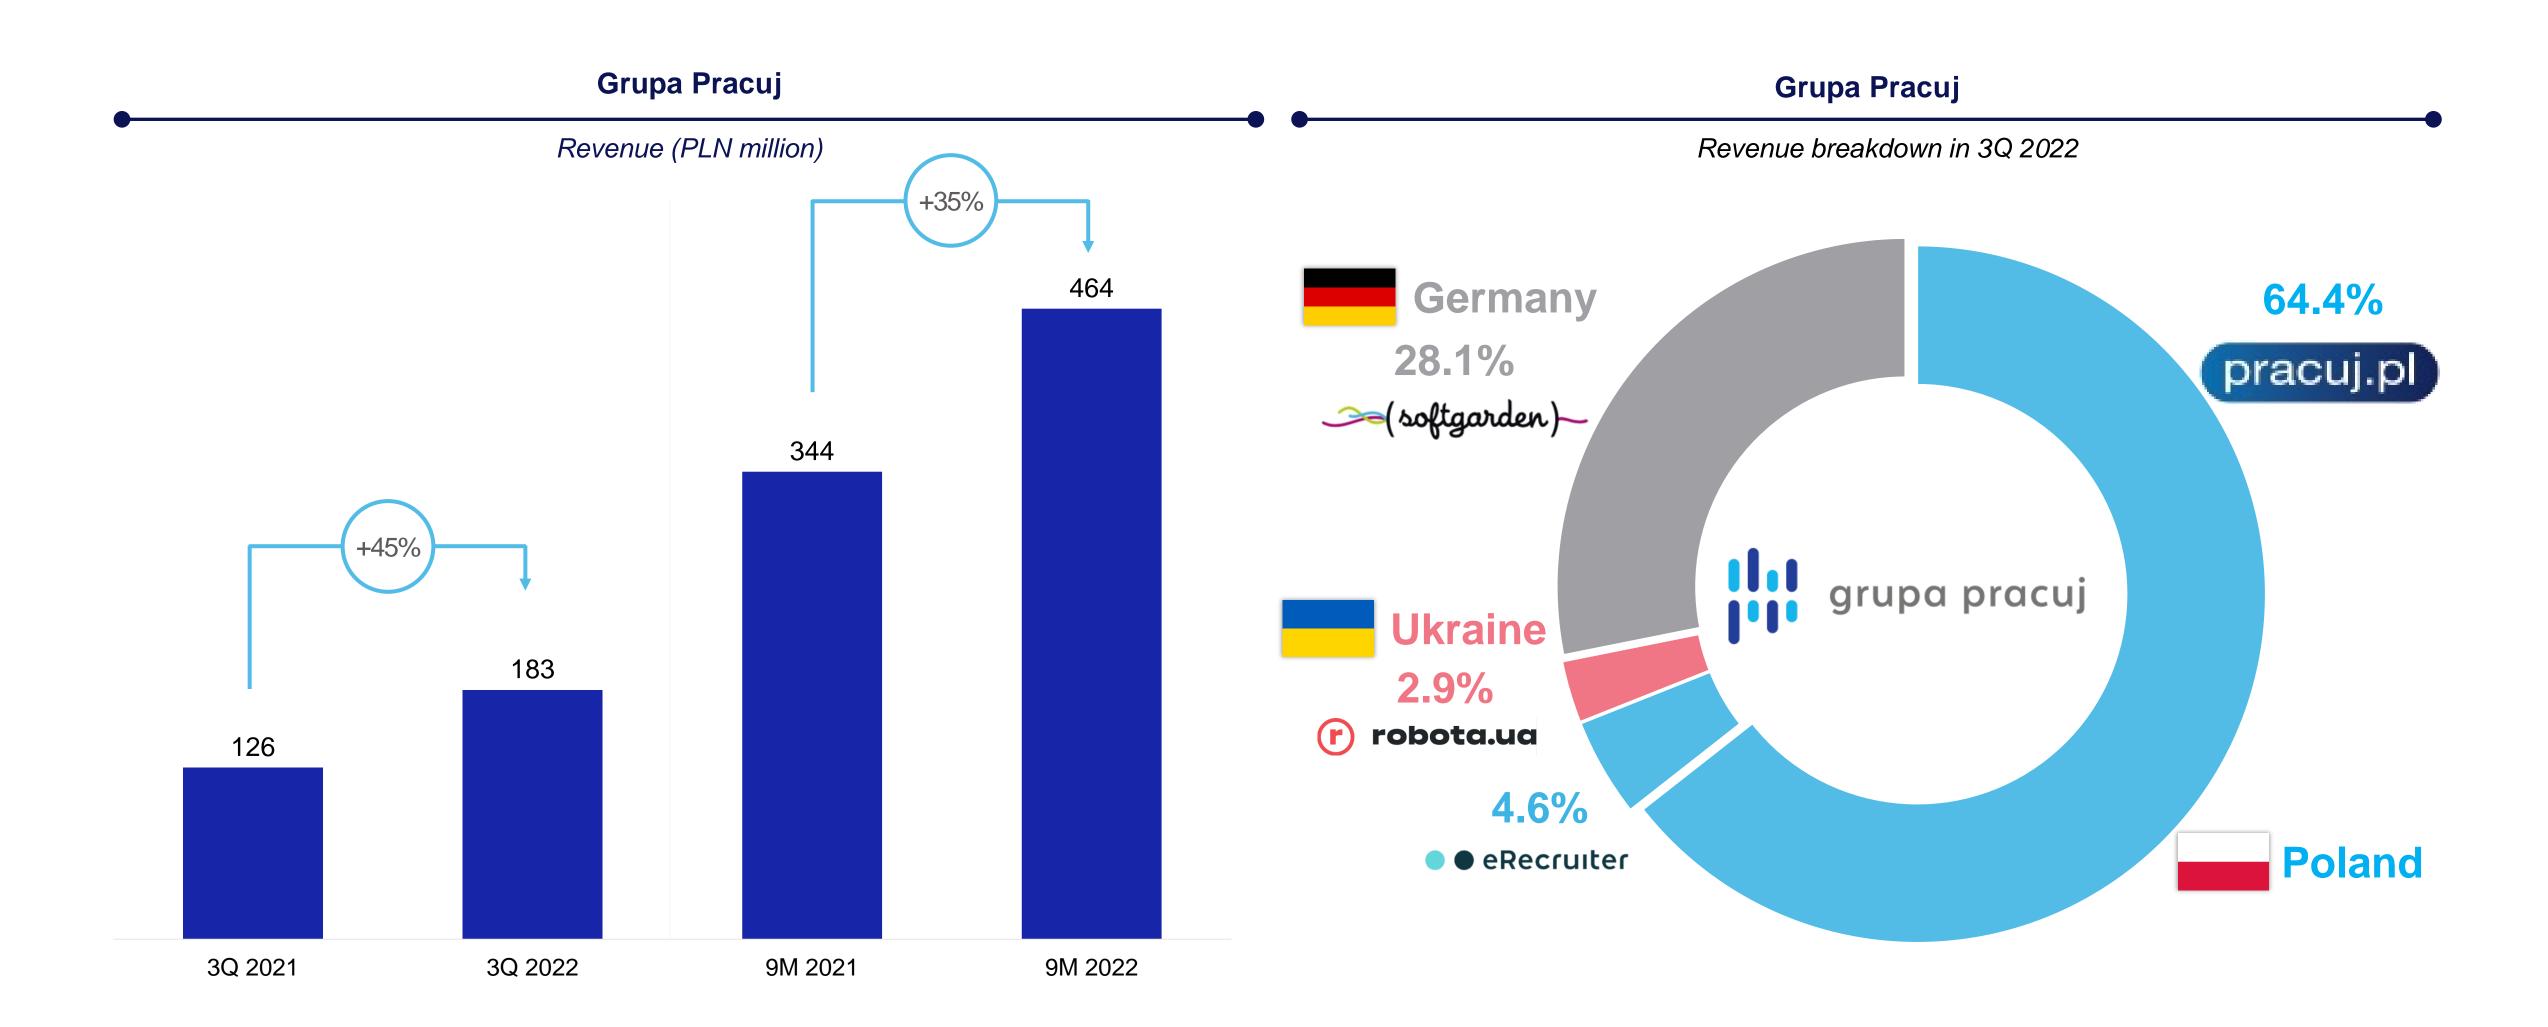

# Consistent business growth, strong increase in revenue

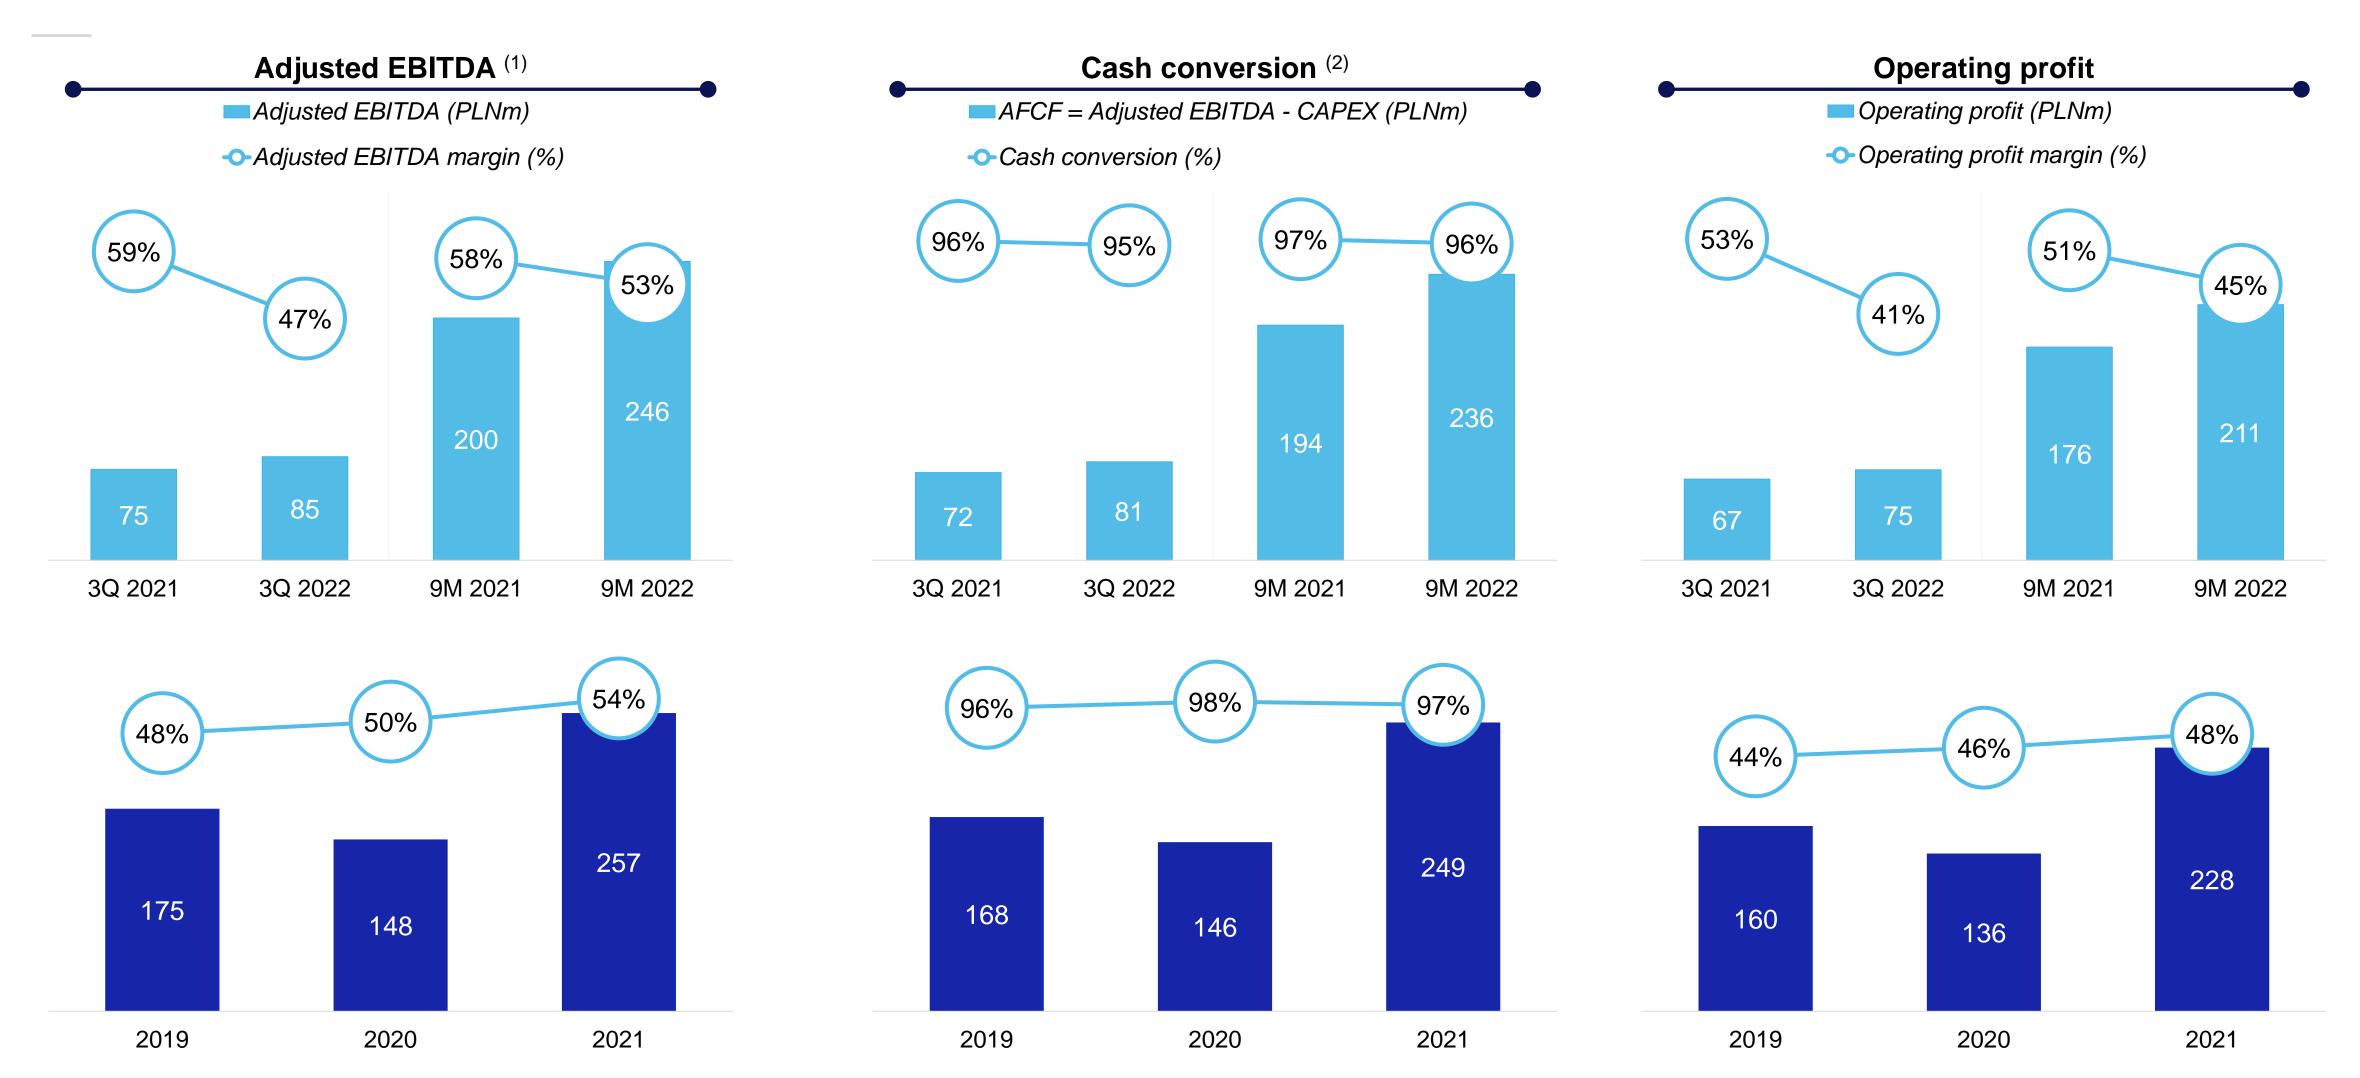

# Impact of softgarden consolidation on operating profitability

(1) Adjusted EBITDA defined as operating profit plus depreciation and amortization, adjusted by recognized, but also previously recognized and reversed impairment losses on assets, as well as costs of share-based payment programmes, costs of the public offering, and costs related to acquisitions, disclosed in the consolidated statement of comprehensive income. (2) Cash conversion for a given period defined as the ratio of the difference between adjusted EBITDA and capex (cash flows from acquisition of tangible fixed assets and acquisition of intangibles) to adjusted EBITDA.

### Growth drivers of the German TAS market

#### **Market size**

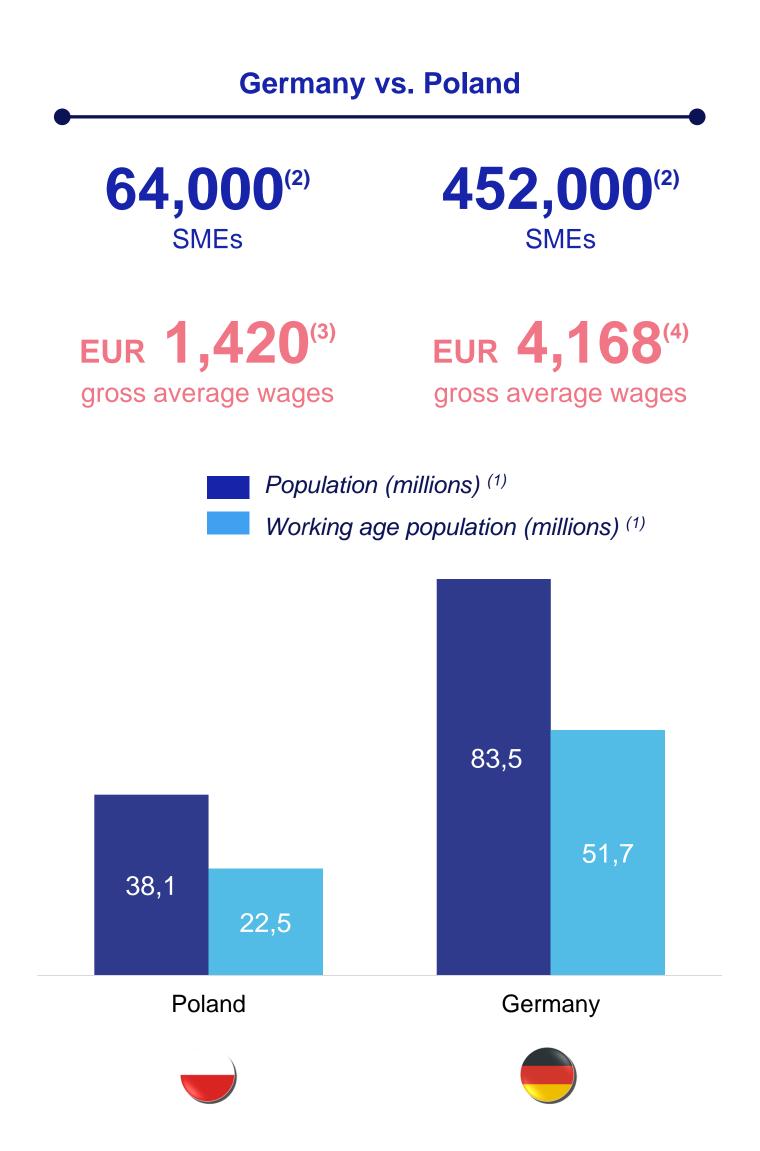

- The German TAS market is large and fast growing. This growth has been partly driven by one-off factor of GDPR, but clear long-term trends in improving propositions and SME adoption are supportive of future growth
- Germany's strong economy (6 times larger than Poland's in terms of GDP) and low unemployment rate translate into a growing demand for employees, resulting in a strong focus on the candidate acquisition process and use of supporting tools

#### **Competitive landscape**

- The German market is highly competed but fragmented
- The most important is to cover the market with one of the TAS leaders, which tend to offer end-to-end solutions

#### **Growth possibilities**

TAS in Germany is a highly strategic direction, especially amongst SMEs
